"31-1-11.

(a) As used in this Code section, the term 'medical facility' means a hospital, birthing center, or other health care facility where human births occur on a regular and ongoing basis.

(b) The department shall distribute informational videos in an appropriate format to each medical facility in order to provide the information described in this Code section to each mother of a newborn infant born in such medical facility. The department shall produce and duplicate such videos or may accept the donation of such videos from outside sources at its discretion.

27 (d) This Code section shall be subject to available funding to the department for such
